WHY Suregrip Seamless resin floor finishes ?

Suregrip Seamless resin floors provide a clean, hard wearing finish for concrete, wooden or metal surfaces.

Seamless : **Provides even surfaces suitable for fork lift & trolley traffic.**
Cracks and joints are eliminated allowing hand trolleys to be pushed with minimum effort.
Eliminates foreign bodies or dirt from joints, minimising the risk of product contamination.

Fast : **Suregrip floor systems can be laid in a 14 hour window***

Dust free : **Unlike cement based products dust is not created by wear.**

Easily cleaned: **Reduces production time and cost spent on in-house cleaning. Non porous seamless surface prevents surface contamination and improves the working environment by reducing odours etc.**

Surface Texture : **Smooth to heavy duty anti-slip to suit customer requirements.**

Colour: **Full BS4800 range. Colour coded systems can be used to comply with safety and statutory requirements.**

Water resistant : **Excellent.**
Resistant to acids and chemical attack unlike cement based products.

Cost : **Let us give you a no obligation budget quote. (01-6785040; 042-9745031)**

Suregrip is available in 3 different grades
- standard
- fine textured (F)
- heavy duty (HD)

Suregrip floor finishes are suitable for use in canteens, kitchens, toilets, changing rooms, all types of production areas such as electronic and food processing environments, garages, work shops and retail units.

Suregrip provides a superior floor finish for a similar price where sheet vinyl is being considered.

* Not all projects can be completed in this time scale. Certain site conditions and size required.
